

Mail Ballots Sent and Returned: 2018 November General Election, Orange County, CA

R. Michael Alvarez

November 8, 2018

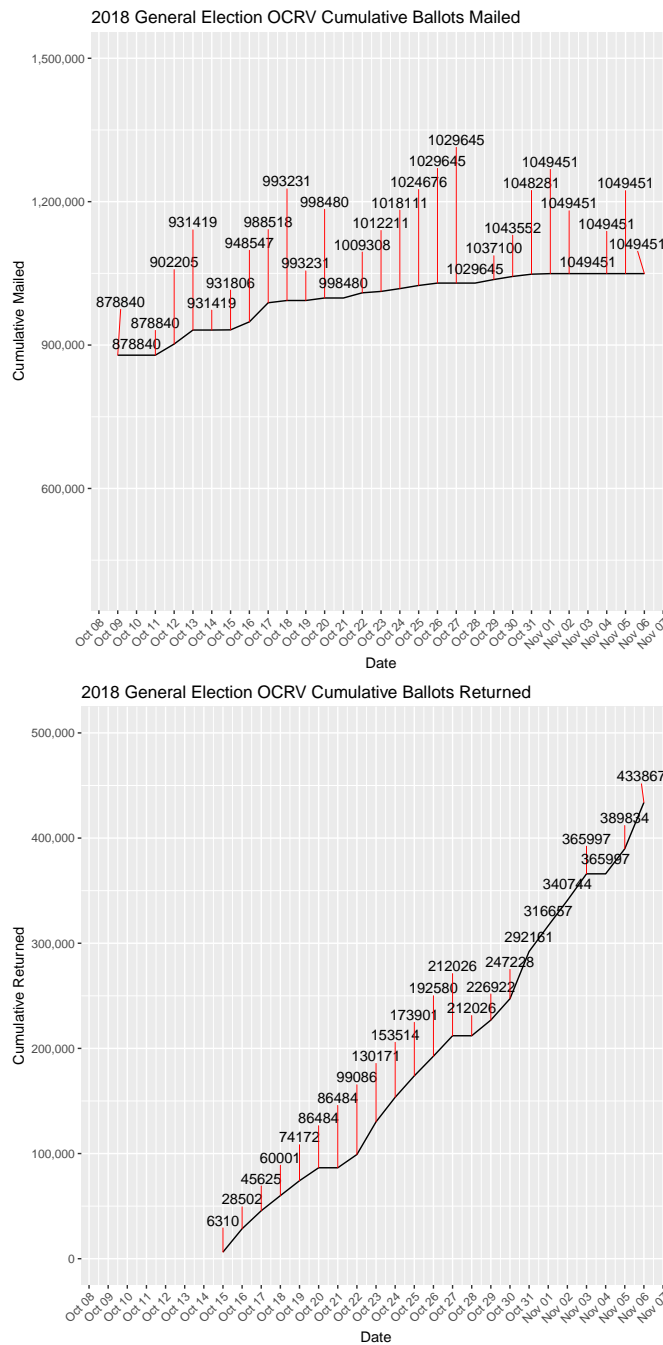

In this report, we use data available from the Orange County Registrar of Voters (OCROV) on ballots that have been mailed, and ballots that have been returned, in the 2018 November general election. These data come from <https://www.ocvore.com/datacentral/>.

In Figure 1 we provide the daily numbers of ballots mailed and returned. Figure 2 gives the cumulative number of ballots mailed and the cumulative number of ballots returned. As of November 11, 2018 (the last day for which data is available), 1,049,451 ballots had been mailed, and 433,869 had been returned; as of November 11, 2018, 41.3% of ballots mailed had been returned.

Daily data from the Orange County Registrar of Voters.
 These figures are estimates, and may not reflect the final totals.
